How did you find out about us? _____	

I voluntarily consent to be treated with acupuncture by Lisa C. Francolini, and/or Jennifer Funk, Licensed Acupuncturist at the RiverWest Acupuncture Clinic, and/or my residence.

I understand that acupuncture is performed by the insertion of needles. This occurs through the skin, and/or by the application of heat to the skin, at certain points on or near the surface of the body. The effect of acupuncture is to treat bodily dysfunctions or diseases, to modify or prevent the perception of pain, and to make normal the body's physiological functions. I have been informed that only disposable needles will be used during each treatment.

I have been made aware that certain adverse side affects may result. These could include, but are not limited to, some local bruising, minor bleeding, fainting, temporary pain or discomfort, and the possible temporary aggravation of symptoms existing prior to acupuncture treatment.

I am also aware that acupuncture is licensed in Oregon and many other states and has been safely practiced for centuries and the FDA classifies the procedure as a medical procedure. I understand that no guarantees concerning its use and effects are given to me, and that I am free to stop acupuncture treatments at any time.

I have carefully read and understand all of the information and I am fully aware of what I am signing.

OFFICE PROCEDURES

Please read carefully and then acknowledge your understanding by signing where indicated. If you need clarification or have any questions please ask.

PAYMENT OF SERVICES:

Payment is due at the time of service unless arrangements are made in advance. The initial office visit and treatment are due at the time of service. Payment can be made with cash, personal check, or credit card.

We have found this policy to be most effective for both patients and providers. Outstanding balances can cause embarrassment and communication breakdowns, and potentially decrease adherence to the prescribed treatment program. If you foresee any financial challenges, be sure to address them with us prior to your appointment.

APPOINTMENT SCHEDULING:

Our commitment is to remove the cause of illness rather than to treat the symptoms. In order to identify the cause(s) of you condition, the practitioner will conduct a consultation, examination, and any other indicated assessment (e.g. lab, nutritional, stress, etc.). If at the end of your evaluation the practitioner feels you will respond favorably to treatment, they will prescribe a course of care that can include a combination of educational materials, specific therapies, consultations, and then subsequent re-evaluation and re-examination.

These re-assessments and re-examinations are crucial to the practitioner's ongoing evaluation of your response to the prescribed program. They are necessary to help distinguish whether changes in your treatment plan are needed. Remember that symptoms may resolve long before the underlying causes of disease have been eliminated completely. Our aim is to support you in eliminating the cause of any condition.

APPOINTMENT CHANGES:

We request at least 24 hours notice to cancel an appointment. We do realize emergencies occur, and ask you contact our office as soon as possible so we may document the emergency. Missed appointments are appointments not kept or not cancelled 24 hours prior to the appointment time by the patient or guardian. We do notify patients of missed appointments through letters and charge a fee of \$50.00.

I have read, understand, and agree to the above statement regarding responsibility for my health care and payment policy.
